A WORLD-CLASS LEADER: J.R. SIMPLOT

BOISE, IDAHO – Idaho Senator Larry Craig today made these comments about the passing of J.R. Simplot:

“Idaho should celebrate today the life of J.R. Simplot—a man who made a greater impact on the State of Idaho than any other individual in our history. Working with Jack has always been a phenomenal learning experience, both for me and for my staff, and such a world-class leader in business and industry will be missed.”
